

GEM Supply will send an experienced service representative to your business to perform all of the checklist functions attached. Additional services will be performed only upon verbal or written authorization.

By signing up under our Planned Maintenance Program, your flat rate charge is **\$159.00**. This price includes travel and full inspection under the PM checklist guidelines (parts are additional). Any additional machines signed up under this agreement, will only be accessed a charge of **\$125.00** ea. Our regular rate is \$68.00/hr, however, should any of your machines require additional repairs between scheduled visits, you will be come part of the benefit of the lower hourly rate of \$59.00/hr. As well as, a flat rate charge of \$70.00 per machine service call, on the equipment specified within this agreement.

To qualify for this labor rate, at least one machine must be scheduled for service in advance at least 3 times per year. Your GEM Supply representative can help you determine how often your machine should be serviced (with normal use, one visit per quarter is usually recommended).

Labor rate and Travel Charge Rate are subject to change. This agreement may be canceled by either party upon 30 days notice in writing.
